CCB #19351

The “**New Horizons Plan 4**,” is an easy and affordable to build flexible home to meet your current and changing needs. The home features 9’ ceilings on the first floor, open Kitchen, Dining and Living rooms, and a Master Down with several optional Master Baths. Upstairs there are three additional bedrooms, a Loft, and a huge Family Room/Bonus Room that makes for great “flex” space. The exterior features traditional styling that is sure to maintain its desirability. The home measures in at 2296 square feet of living area.
